WELCOME TO THE AGAVE WORLD

At Ojo, this journey into agave runs even deeper: the restaurant proudly houses the most notable collection of tequilas and mezcals in the city, enriching every tasting experience with authenticity and character.

Agave:// is a succulent plant known for its fleshy leaves, essential in crafting distilled spirits such as mezcal and tequila. Its wide variety of species contributes unique flavor profiles -herbal, earthy, smoky, shaped by soil and climate.By extracting the fermentable juice from the heart -followed by distillation- results in complex beverages that reflect both their terroir and artisanal methods.
