Cost-effective, live 2-way communication

- As business and travel costs continue to escalate, customers are seeking cost effective ways to connect and share important message content. Add PSAV's HD EVC to your next event for the approximate cost equivalent of a few business travelers going to an out of town, multi-day conference.
- PSAV HD Event Video Conferencing Solutions offer customers the ability to cost-effectively integrate live 2-way video communications into company meetings and events.
- Offer your organization a realistic way of ensuring that employee communications continue regardless of geographical boundaries or distance.
- Contact your PSAV Sales Representative for details on how to include HD EVC in your next event.
