

# Wii Video Gaming Packages

## On-site fun for groups of all ages

No need to go off-site for a group activity. From a games tournament to a fun addition to your hospitality suite, everyone loves the Wii™ system.

### ➤ Create an exciting atmosphere that will keep them talking

No more scouting for off-site venues, processing separate bills, paying for costly transportation or spending countless hours on group activity coordination. Let PSAV® create fun and enchantment for your attendees with the Wii video game system. From teambuilding events and hospitality suites to networking and social receptions, captivate your audiences to deliver an unforgettable experience.

### ➤ Gather for networking and fun

Transform your traditional hospitality room into an interactive arcade or spice up a reception. PSAV video gaming packages provide a great informal atmosphere for group networking events or convention down time. PSAV can provide LCD monitors in your reception area, or create the ultimate tournament environment in a separate room with a nine foot screen. Ask us about additional plasma monitors for posting attendee scores.

### Wii games add fun to any occasion:

- Wii Play™
- Wii Sports™
- Mario Kart™ Wii
- Punch-Out!!™
- Wii Sports Resort™ (with Wii MotionPlus™)
