HYATT REGENCY AUCKLAND REJUVENATION 2009

Auckland, New Zealand, May 2009. Hyatt Regency Auckland's 2009 Rejuvenation has begun. Floor by floor the Regency Tower will be modernised, as well as the Residence Tower receiving an upgrade of style, with a completion date of December 2009.

There will be two new room types in the Regency Tower; View King and a Suite View King. The new textured carpet and fresh colour on the walls brings a warmer feel to each room, which compliments the original heritage of the hotel. All of the light fittings have been replaced so guests can control the ambience effortlessly.

Rooms will offer the latest King size beds and brand new linen. New 32" TV's installed in every bedroom and 42" TV's in the lounges. All furnishings are all newly created specially for these rooms by New Zealand designers.

The bathrooms have received a modern touch, with all original tiling being polished to perfection. This complements the new rich colours of the vanity, also specially designed for these rooms. The oversized mirror and enhanced lighting allows you to perform bathroom duties with ease.

The new Residence King Rooms have been refreshed with a warmer, more inviting colour palette. Beds have received new linen and valance that match the new curtains and headboard, which complement the original décor of the room.

The new Residence Suites have received all new furnishings. The colours have transformed the room to match the unique outlook of Auckland City, harbour and parks. The greens and browns have an earthy feeling with a very chic and contemporary design to each piece of furniture that was created specially for these rooms by New Zealand designers. 32" TV's are in all of the bedrooms and 42" TV's have been installed in the lounges. The new Residence bathrooms have all received fresh paint that has brightened the room dramatically.

The concept was created by Lukas Design, a leading New Zealand interior design company that has been in operation for over 20 years. Their forte is hospitality, having worked on other iconic properties around the world, including the Vatulele Six Senses Resort in Fiji, world renowned Golf Resort Kauri Cliffs and many other high end hotels. All new black and white artwork was inspired by local landmarks and taken by a local up and coming artist. Wireless is now available throughout the entire hotel.

About Hyatt Regency Auckland

Hyatt Regency Auckland has been a landmark in the city since 1968.

The hotel's Residences Tower comprises 100 rooms and suites with kitchen facilities and balconies - including studio suites, one- and two-bedroom suites and penthouses. This is in addition to the 268 rooms in the European-style Regency Tower.

The conference and banqueting facilities at the hotel can accommodate up to 650* guests for a banquet dinner in the Princes Ballroom and an additional 550* guests in the Regatta Room (*based on room layout and staging requirements). To support its range of facilities, the hotel has parking space for 290 vehicles.

Spa at the Hyatt offers a fully equipped gym, a 25m heated swimming pool, spa pool, sauna, steam room, sun terrace and juice bar, Spa at the Hyatt is an ideal location for those with fitness and relaxation in mind. You can receive soothing massage therapy, sensuous oils and scrubs, heated stones, exotic wraps, facials and beauty treatments within any of the six New Zealand themed treatment rooms.

These and many other facilities make Hyatt Regency Auckland one of the premier destinations for quality accommodation and conferences in the city.
