PARK HYATT TECHNIQUE WEEK SKIERS LEARN IT'S
NEVER TOO EARLY TO START DEVELOPING TECHNIQUE
AND IT'S NEVER TOO LATE TO PERFECT IT.

Now in its thirteenth season, we have a revamped program combined with a world-class instruction team ready to help take your skiing and fun to a new level.

Technique Weeks combines the very best performance skiing program, a world class resort and the finest location in the Park Hyatt Beaver Creek Resort and Spa. “We’re thrilled to have Chris Anthony on board again - it’s a great opportunity to ski with an amazing athlete,” says Scott Mason, the general manager of the Park Hyatt Beaver Creek.

Ski Ambassador Chris Anthony is a 1996 Adventure skiing champion and veteran of 19 Warren Miller films. Chris and the professionals of the world-class instruction team from Vail/Beaver Creek Ski School will be your personal coaches through out the week.

This year we have added a new option to help make this unique program an even greater value proposition; the EPIC Pass option. The Epic Season Pass is the only ski pass that offers unrestricted (no blackout dates) and unlimited access to Vail, Beaver Creek, Breckenridge, Keystone, Arapahoe Basin and Heavenly. Participants who select this option gain a season’s worth of skiing at six world class ski resorts, at a greater value both experientially and monetarily for the program as a whole.

Park Hyatt Technique Weeks will once again set the standard in performance skiing programs. We suggest you secure your reservation today. Please contact Federica, our Technique Weeks facilitator, at 970 827 6634 or via e-mail at federica.goldberg@hyatt.com for more information on Park Hyatt Technique Weeks or to book your reservation.
