SANITAS PER AQUAS

agua serena spa

menu of spa services

Release the fatigue of your journey. Return to your strength.  
In the immense desert, you will rediscover your soul.

## hyatt pure

a collection of more than forty extraordinary spas, ranging from urban to resort in setting. Each spa is custom designed to embrace the local environment and culture to provide an authentic indigenous experience. Returning to the true definition of spa, “sanitas per aquas,” Latin for “healing by waters,” treatments and services incorporate the principles of hydrating the body to promote wellness and renewal.

**tranquility** surrounds you, as does the gentle sound of flowing water. The beautiful purple hues of the desert sky cultivate inner peace. The desert air, alive with the mild fragrance of citrus blossoms, refreshes the senses. The warmth of the sun has a way of rejuvenating your soul. At Agua Serena, the healing properties of the Southern California desert are thoughtfully incorporated into everything we do—from the spa’s peaceful interior with its warm woods and lively fountains to our signature indigenous treatments and products. Experience the deep, soothing sensation of our Indian Clay Facial, where pure, natural Indian clay is rolled onto the skin to cleanse and exfoliate. The Desert Sage and Date Sugar Scrub polishes the skin using the gifts of nature from the Coachella Valley, alleviating dry, rough skin with organically grown Medjool Dates and native botanicals. At Agua Serena Spa, we are here to enliven your spirit and awaken your senses. Place your mind and body in another world.
