**Hyatt Grand Champions Resort, Villas and Spa Debuts 43 Unparalleled
Luxury Villas Offered with Personal Butler Service**

Resort undergoes name change to signify major addition of distinguished Villas

INDIAN WELLS, Calif. – November 2, 2007 – Hyatt Grand Champions Resort, Villas and Spa announced the addition of 24 luxury Villas offered with specialty trained butler service. The one- and two-bedroom Villas, a \$20 million project, completes the resort's inventory of 43 Villas offering very private accommodations with exceptional service and amenities.

“With regular visits to the property since it opened in 1986, I have seen the resort through several transformations, including the grand re-opening of the property less than four years ago with the addition of our award-winning Agua Serena Spa and Salon including The Medical and Skin Spa, our adult-only pool offering private state-of-the-art cabanas, and a complete conference center,” said Owner Richard Monfort of Hyatt Grand Champions Resort, Villas and Spa. “Having been closely involved with the development of these exquisite Villas, I am very excited to introduce them today, marking yet another milestone for the resort in extending unique offerings to our guests.

The resort has been renamed as Hyatt Grand Champions Resort, Villas and Spa (formerly Hyatt Grand Champions Resort and Spa). Set apart from the hotel, the Villas are incomparable to anything in the Palm Springs area providing superb accommodations for top executives, dignitaries, celebrities, honeymooners or simply those seeking the utmost in privacy and service.

The Villas feature private courtyards with individual whirlpool spas and barbeques, magnificent views from the courtyards and from inside the Villas, and most notably personal Butler service. Each butler undergoes specialty training for the position to provide personal service to Villas guests. From ironing clothes, delivering meals, drawing baths and laying out clothes, to obtaining newspapers, specialty food items, vintage wines, and more, the butlers handle numerous and varied requests for the guest, who can even check-in and out with the butler at the door of their booked Villa.

“As one of the most sought after resorts in the area, we are excited to further enhance the resort with these distinctive Villas,” said General Manager Allan Farwell of Hyatt Grand Champions Resort, Villas and Spa. “Because the Villas offer the best of the best, they will be especially appealing to those seeking unique accommodations with privacy and pampering.”

The Villas are elegantly designed and furnished with warm and inviting color schemes and décor, recessed lighting enhancements, and exquisite art work. The atmosphere is accentuated with a fireplace, wet bar, marbled bath and plush terry robes. Adding to the comfort of each modern Villa bedroom are armoires, fine bedding, accent lighting, and variable speed ceiling fans. Villa bathrooms are spacious and include separate spa bathtubs and frameless glass enclosed showers surrounded by large stone and rockwork tiles and flooring.

Technology upgrades abound throughout the Villas including 42" plasma televisions with a bounty of channels available, DVD players, cordless phones and a variety of Internet access options.

Rates for the Villas begin at \$489 per night up to \$1700 per night through 2008. For more information or reservations, Hyatt Grand Champions Resort, Villas and Spa can be reached at (760) 341-1000 or 1-800-55-HYATT, or by going to www.hyattgrandchampions.com.
