

Hyatt Lodge's Commitment to the Environment

- The Hyatt Lodge is committed to preserving the environment
- The hotel was constructed around the existing trees, specifically the 150 year old Buckeye Tree at the entrance that welcomes each guest upon arrival
- 5% of the artwork depicted throughout the hotel has to do with the environment and our owner's (McDonald's) is also an environmentally conscious company

Hyatt Lodge's Commitment to the Environment

- The hotel's natural environment is enhanced by the two private lakes that the hotel is nestled in between
- This ensures that our facility would be the perfect location for your upcoming meeting, conference, social event or gathering
