

Cool Cuisine & Cocktails

The inspiration for this menu came from Tiri's Garden located at the corner of 15th and California in the heart of downtown Denver, The garden is managed by Urban Peak Denver, a non-profit organization servicing the needs of homeless youth. This special summer menu is offered during June and July in our 1876 Restaurant. Grand Hyatt Denver will donate 20% of the proceeds from this menu, offered at lunch and dinner, to Concerts for Kids who funds programs that help meet the dimensional needs of children in the metro-Denver area and the inspiration behind this urban garden. Hyatt Hotels of Denver Downtown are the proud sponsors of the herb garden inside Tiri's Garden.
