John Henry Photography Inc.

Fine Portraiture ~ Elegant Weddings

Truly, **John Henry** is one of the best wedding photographers in the State of Hawaii. John will help you to preserve your wedding memories for a lifetime through his talented attention to detail, his trained background, and his years of experience in contemporary and traditional styles of photography.

Retouching and **enhancement** of the final prints for the wedding album have given his studio a reputation that few can compare with. Often, couples may need a little retouching just to remove shine and blemishes from their faces. John can also retouch eye bags, double chins, tummy tucks, reductions of the arms, hips, waist, and even add hair to the bald spots. The final result is you receive an enhanced portrait of you looking at your very best.
