

*Hyatt Regency Orlando International Airport Presents
"Elegant Reds & Bubbles"
Wine Dinner Experience*

February 19, 2010

The Hyatt Regency Orlando Intl Airport's "Food & Wine Experience" offers a new way to enjoy food and wine together. You will enjoy a lovely combination of red wines and champagne featured from selected vineyards. Instead of pairing one wine with one food item, our approach is to let you experience how one wine can be paired with two different flavor profiles of food. In our upcoming Food & Wine Experience's we will challenge the traditional and expected food & wine pairings and introduce you to some combinations that you just might not expect. Our goal will always be to make the wine sing.
