ABOUT ARMANI'S

Known for its authentic Northern Italian cuisine, the new Armani's restaurant features a fresh, sophisticated design and an atmosphere ideal for a romantic dinner for two, a get-together with friends or an upscale business function. With floor-to-ceiling windows overlooking Tampa Bay, guests can take in spectacular panoramic views during dinner and enjoy a drink on the outdoor patio before or after their meal.

Armani's signature antipasto bar allows guests to create their own first course from a selection of more than 30 items and a dedicated station offers fresh made-to-order Caesar salads. Armani's "primi piatti" menu includes vegetarian, pasta and soup selections, while main courses range from veal scaloppini in a truffle sauce over mascarpone polenta to wild salmon on pan fried risotto bianco.

Armani's also features a lounge with live piano music on Thursday, Friday and Saturday evenings, as well as an extensive selection of fine cigars and signature cocktails.
