Andaz Amsterdam Prinsengracht; beautifully intimate and stylishly eccentric; located in the picturesque heart of Amsterdam's canals. The unique flavours of Amsterdam are embedded in our adventurous design concept with charm and with truly personalized service, the stage is set for love. In his iconic design, world-renowned designer Marcel Wanders celebrates Dutch history and the creativity of our charming city, with a sprinkling of Alice in Wonderland magic. Once Amsterdam's public library, you will still find the magic of storytelling around every corner.

Whether arriving down the rabbit hole from the Prinsengracht, or via the grand Keizersgracht private entrance, take your pick from a variety of venues. Weddings for up to 140 guests can unfold elegantly in the magnificent Studio 1 overlooking our secret garden. The unmissable stained-glass niche even offers the perfect hideaway for a show-stopping wedding cake.

I found myself in Wonderland

The multi-functionality of Studio 1 with its connection to the Gallery, a special Alice in Wonderland inspired space with live cooking station, allows guests to flow easily from one scene to the next; from the ceremony, through to reception and dinner dance.

The Atelier, a hidden loft-like sanctuary brought to life with intriguing historical décor, a private kitchenette, bar and lounge area, presents an imaginative stage for anything from a serene ceremony for up to 60 guests, to an indulgent banquet.

Something old, something new... the Delft Blue Room deserves a special mention with over 160 Delft blue pieces adorning the shelves, a mixture of traditional and bespoke Marcel Wanders designs. The more intimate settings of the garden-facing Delft Blue Room, as well as Studio 2 & Studio 3, offer a perfect alternative location for those memorable wedding moments, whether a special dinner, a private moment before walking down the aisle, a morning-after brunch, or even a creative space to amuse the little ones. Every space can be set and decorated according to your wishes & personal style, offering a blank canvas to your imagination for this special day.
