Palo Verde Spa & Apothecary Collection

PALO VERDE

SPA & APOTHECARY

Infused with the healing power of the Sonoran

Inspired by the creative soul of the Sonoran Desert, Palo Verde Spa & Apothecary is a sanctuary with plentiful opportunities for renewal and reconnection—while also serving to highlight our efforts to reuse and repurpose whenever possible.

Wellbeing Philosophy

The Earth's most sacred resources are at the center of everything we do, with ingredients curated by a local Sedona botanist and blended by our apothecary specialists. It's a testament to both the artistic culture and the healing environment of this desert region.

We follow a philosophy of replenishing and revitalizing the body through natural botanicals and aromatics, fusing the purest elements of the desert to create a personalized wellbeing journey.

A place to discover the perfect blend

Our apothecary experience and bespoke aromatherapy blends will provide you with balance and presence of mind. Guided by a specially trained, highly attuned therapist, they are designed for your specific personal needs—whether you seek relaxation, energy, or a mix of both.

Savor the scents of fresh-pressed essential oils, learn to blend oils for diffusing at home, and take a roller with you to extend the calming experience.

Massage Menu

Available in 60- and 90-minute sessions; Classic, Therapeutic, and Purifying Juniper treatments can be offered as a couples experience.

Prenatal Massage, Organics Facial, and any of our Salon Services can be offered as prenatal services—if you are expecting, please inform your Spa Host at booking.

Classic

This is our classic Swedish-style massage, light to medium pressure—personalized with your choice of oil blends from our desert blending bar. Perhaps the grounding "desert after the rain" scent of wild chaparral, or the uplifting bouquet of prickly pear to match your mood—and elegantly complement your soothing massage.

Purifying Juniper

Juniper and grapefruit are two of nature's cleansing and detoxifying treasures, and they are a perfect match for our soft-touch, lymphatic massage. Blended here in an olive oil base, rich in phytosterols that help restore suppleness and flexibility, this massage helps stimulate lymphatic drainage and leaves skin beautifully conditioned.

Salt Stone

Our salt stone massage gently unwinds and relaxes your body with light to medium pressure while providing the benefits of 84 trace elements and minerals. It is paired with oil-infused aromatic essences of cedar, pine, and fir to dissolve stress—along with organic citrus fruits to boost your natural resistance. The pressure allows for the warmth of the stones to uncover your utmost relaxation.

Therapeutic

Our arnica-infused Turquoise Sage oil is the perfect accompaniment to this restorative sports and deep-tissue massage. Arnica helps speed soft-tissue repair and reduces inflammation. Organic essences of sage and lavender tempt the tension from muscles and joints.

Soul Essence

Ever wondered if there is an aroma that perfectly matches your personality? Or what deeper meaning the scents you love might carry? This personalized light-to firm-pressure aromatherapy massage is designed to flow with your mood for the day. Use our aromatherapy app and blending bar to decompress through scent, preparing you for the perfect massage in this moment. This blend can be packaged to keep as a memory, or share with your friends.

Body Treatments

Desert Ritual

A lavish desert journey focused on your beauty and wellbeing from head to toe. Fusing our signature jojoba hair and scalp treatment with a prickly pear facial massage, it offers the best of the desert's bounty. A custom made body scrub and hydrating jojoba butter mask restores the vitality and glow of your complexion, as warm aromatic compresses relax your senses.

120-minute session

Sonoran Scrub

This full-body refresher begins with a visit to our in-suite desert scrub bar to create your perfect body scrub. Choose between re-mineralizing desert salts, agave-infused sugar, and ultra-fine mesquite buffing grains. Add an infused desert botanical oil of your choice to complete the full experience.

60- or 90-minute session

Sonoran Clay Wrap

Using clay harvested in the Sonoran Desert and infused with purifying, organic juniper and grapefruit, this detoxifying body therapy tones and re-tunes the body. After a gentle dry-brush exfoliation, the smooth clay application draws impurities from the skin and refines its texture. Following an invigorating neck massage and our energy point facial treatment during your wrap, a deeply hydrating jojoba lotion application breathes new life into your skin.

90-minute session

Prickly Pear Wrap

This elegant body treatment starts with an invigorating body scrub featuring oil from the prickly pear seed, which is rich in essential fatty acids that protect and nourish your skin. An aloe body wrap to soothe and hydrate follows. As you are wrapped, you'll enjoy a naturally lifting facial massage—in anticipation of a jojoba body butter massage to leave your whole body gently glowing.

90-minute session

Citrus Indulgence

This treatment captivates your senses with citrus from the famed Valley of the Sun, including a lemon body scrub and sweet orange essence whipped body butter. A scalp massage utilizing Luminous Vibrational Hair & Scalp Oil nourishes and strengthens the hair with ingredients such as jojoba oil, apricot kernel oil, and a variety of essential oils. Joyful and uplifting, this experience will help to tone and refresh your complexion, while putting a skip in your step.

OxyGeneo Facial

A PALO VERDE SPA EXCLUSIVE

The Geneo DNA facial tightens skin, and reduces fine lines, wrinkles, and skin discoloration: It's a three-in-one super facial that uses the regeneration serum for cell renewal and growth developed by renowned Beverly Hills cosmetic surgeon and dermatologist Dr. Ronald L. Moy. The DNA Intensive Renewal targets the skin's natural DNA repair process to plump and hydrate the skin, replenish natural enzymes, and attack UV damage—diminishing and helping to prevent age or maturity spots. This facial also utilizes Dr. Moy's patented OxyGeneo skin treatment machine, which performs three rejuvenating actions simultaneously, including gentle skin exfoliation, infusion of essential revitalizing nutrients, and natural skin oxygenation. This gentle and effective anti-aging solution is suitable for all skin types.
