

SUSTAINABILITY  
AT OUR HOTEL

Caring for the planet is a natural extension of Hyatt’s purpose — to care for people so they can be their best. At [Park Hyatt Niseko Hanzono](#), we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt’s sustainability efforts, [click here](#).

OVERVIEW

- GBAC & Intertek certified
- Green spaces
- Walkable destinations
- Eco products
- Community engagement and volunteerism

CLIMATE CHANGE & WATER CONSERVATION

- Energy efficient LED lighting is used throughout our hotel
- Through our Conserve program, we change linens every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging
- Hotel provides eco-friendly options for guests to minimize linen use, promoting a sustainable stay that benefits the environment.
- Hotel conducts monthly energy audits and have previously engaged in studies focused on energy efficiency and decarbonization.

WASTE & CIRCULARITY

- Plastic straws are replaced with bamboo straws available on request.
- Absence of plastic water bottles, promoting eco-friendly practices for a greener stay.
- World of Care: Food Rescue Program
- Mandatory and regular sustainability training for employees
- Environmental Sustainability Vision

RESPONSIBLE SOURCING

- Hyatt’s Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.
- Cage-free eggs are utilized in our restaurants
- The hotel envisions sustainability through its own rice field, providing fresh, local rice for guests.
- Sustainable local farming
- Chemical-free growing process
- Plant based & plant forward menu items are offered in our restaurants and for events
- No antibiotics or hormones added to the products
- The hotel has a chef’s garden for planting herbs used in catering, ensuring fresh, local ingredients.
