

Unique Meets At The Park - Luxury is Personal

Park Hyatt Maldives Hadahaa is a barefoot luxury resort, evoking a remote, untouched paradise. Its unique location, away from the teeming atolls of the north, blesses its guests with a pure Maldivian experience.

Guest Villas

Constructed with environment preservation and guests' comfort in mind, land villas were built within the lush tropical greenery.

The island's natural features were maintained in order to provide guests with the utmost privacy while relaxing.

A private pathway leads guests from their expansive villa to their own section of fine white sandy beach, a mere few steps away.
