BAREFOOT MAMAS OF ZANZIBAR

THE SOLAR MAMAS LIGHTING ZANZIBAR STREETS AND HOMES

In Tanzania's archipelago Zanzibar, beyond the white sandy beaches and clear waters, is the story of tens of thousands of residents who have struggled with access to reliable energy for years.

The Barefoot Mamas of Zanzibar are our vendors for the delicious honey that you can find at the cereal corner.

In support of this powerhouse of women, we help bring funds to their business so that they can build solar panels for their villages. Hyatt strongly believes in the empowerment of women and the Barefoot Mamas are truly the light for their community. As an organization, Hyatt remains committed to caring for people so they can be their best.

Enjoy your taste of natural Zanzibari sweetness with honey from the Barefoot mamas of Zanzibar.

EATING GREEN

GREEN GROCERIES ZANZIBAR BY FATMA

Fatma says "eat your greens, daily." Green Groceries Zanzibar serves the most organic fruits and vegetables at Park Hyatt Zanzibar. For sustainable and healthy living, Fatma's Green Grocer farmers are your perfect choice – her hand-picked vegetables and fruits are mouth-watering.

All the nutrients that you need for the day starts with a power breakfast. The holistic approach at Hyatt is focused on our three landmarks of well-being: Feel, Fuel, and Function. "Food thoughtfully sourced, carefully served" is what we strive to deliver to our guests. At Park Hyatt Zanzibar, we engage in healthy communities by sourcing from local suppliers as well as actively supporting farmers.

An apple a day keeps the Doctor away... and makes your holiday perfect!

JUMA

COCONUT MERCHANT

Our story with Juma began 4 years ago when the team at Park Hyatt Zanzibar recruited him from the alleys of Stone Town where he was selling coconuts. Juma, our ever-smiling coconut vendor, now serves his unique coconuts with different spices of Zanzibar. He says that working with the Hyatt brand has changed his life for the better. He now has the means to educate his kids to a university level and build his family home. He would also like to thank Park Hyatt Zanzibar for believing in him and giving him wider access to conversing with guests, which has improved his English communication skills.

His unique way of serving coconuts is filled with bursts of Zanzibar spices and is truly one of a kind. His story is even more inspiring and his smile will definitely brighten your day.

Add some spicy coconut water to your breakfast for the perfect taste of Zanzibar.

AL-HAJI

ORANGE PARTNER

Al-Haji has been our most recent "Hyatt supports local" vendor. From the market of Darajani to the mazes of Stone Town, Al-Haji was recruited by Park Hyatt Zanzibar to add some zing and zest to your morning. With his pulpy delicious fresh oranges, that hit of Vitamin C is the perfect start to your day. Al-Haji is grateful for the opportunity to supply his fresh hand-picked oranges at Park Hyatt Zanzibar and says that this has increased his sales of oranges for the day. His dream is to be able to support his family so that his children will be able to have a better future.

CHILI

Chili peppers are varieties of the berry-fruit of plants from the genus Capsicum, which are members of the nightshade family Solanaceae, cultivated for their pungency.

COCONUT

A coconut is a stone fruit and not a nut at all. Not only can you eat the flesh of the fruit, but the water also has great health properties as well.

GINGER

Ginger is actually a rhizome, not a root. A rhizome is an underground stem that is used in both sweet and savoury foods.
