

OUR STORY

Welcome to Twenty Two Storys. Our Lobby Bar in the Heart of Atlanta. This is Our Story:

We took our name from the height of our landmark hotel (22 floors) AND the wonderful stories told here over our rich history, going back to 1967.

We were the first contemporary atrium hotel in the world. The Experts said we'd never fly, but the day we opened, people lined up around the block just to ride the elevators. Since then, we've hosted thousands of guests from all over the world, all with their own wonderful stories to tell.

Founded in 2011, Twenty Two Storys is our beer forward gastropub in the heart of our hometown. We pour cold draughts from Georgia's most beloved breweries. We serve dinners and snacks scratch-made by our ingenious, hard-working Chefs. And we use the finest, freshest ingredients from farms, dairies and purveyors across the South. We hope you enjoy!

That's our Story. We'd Love to Hear Yours.
