WE LOVE BEING GREEN

At Hyatt Regency Denver, we take being environmentally conscious very seriously. This is a partial list of some of our conservation efforts:

GREEN INITIATIVES AT HYATT REGENCY DENVER

- Single stream recycling system for cardboard, paper, aluminum cans, newspapers, magazines and glass bottles
- Recycle batteries, wooden pallets, and fluorescent bulbs
- Recycle bins strategically placed around public spaces of hotel including meeting spaces, restaurants, and bars
- Recycle bins placed in all back of house areas including banquet floors, offices, kitchens, loading dock areas, and purchasing
- Recycle bins placed in all guest rooms
- Guest room amenities such as shampoos and soaps are donated to local shelters
- "Green Team" of hotel managers in order to ensure the hotel is current with new conservation initiatives
- Hotel provides reusable drink containers to all of our employees for water and hot beverages to reduce use of disposable paper products
- Composting of left over food products within staff cafeteria, banquets, and kitchen
- Electronic check-in/check-out to conserve paper
- All cleaning products meet EPA, Ecologo or Environmental Choice Standards
- Fairtrade certified coffee served in guest rooms and dining outlets
- Locally grown and organic menu options offered in restaurants and through banquets
- Construction material and discarded flooring is recycled

THE FOLLOWING ARE WAYS WE ARE CONSERVING ENERGY

- Back of house hallway areas utilize LED lighting
- Use of LED lighting in all guest rooms
- LED lighting in meeting spaces
- Energy Star* equipment is used in all guest rooms, including computers in staff offices
- Twist-timers in linen closets on the guest floors
- Automatic hand sinks in all public and associate restrooms
- Timers on landscape and building up-lights
- Energy management system used to program the HVAC systems
- The hotel heating and cooling systems designed in conjunction with Xcel Energy company's recommendations for energy efficiency
- Reheated water system for laundry rinse water
- Green linen program supporting Colorado Water Conservation Plan, where guests choose if they would like to forego housekeeping service for the day
- Encouraged use of electronic staff communication to decrease overall paper usage
- Printing on recycled paper for internal documents and two-sided printing when applicable
- Encouraged use of public transportation by subsidizing light rail and bus pass costs for hotel associates
- Elevator upgrades to improve energy efficiency
- Laundry equipment upgraded to allow for reduced chemical and energy use
- Installation of new water distribution system to conserve energy
