## AT THE CLAYFIELD

*Where Wellness Takes Root*

# WHERE WELLNESS TAKES ROOT

*Set among the vineyards of Niagara-on-the-Lake, The Spa at The Clayfield is a destination for relaxation, renewal, and meaningful escape.*

The region shapes everything we do. Its mineral-rich clay, its celebrated wine culture, and its long connection to the land inform the ingredients we choose, the rituals we build around them, and the unhurried pace we keep. Nothing here is rushed, because nothing in Niagara-on-the-Lake is.

Signature body rituals, vinotherapy treatments, and advanced skincare therapies bring the restorative qualities of nature together with modern wellness expertise. Thoughtfully designed spaces, personalized service, and a quiet attention to detail are all created to help guests slow down, reconnect, and embrace a deeper sense of wellbeing.

Whether you are visiting as part of a Niagara-on-the-Lake getaway or returning as a local ritual, each experience offers a moment to pause, rebalance, and carry a renewed sense of calm long after you leave.

This is where the essence of Niagara-on-the-Lake, exceptional care, and thoughtfully crafted experiences come together, creating a wellness destination shaped by earth, vine, and ritual.

# WHERE EARTH MEETS VINE

*Where Earth's Quiet Strength Meets the Vineyard's Living Energy.*

At The Spa at The Clayfield, wellness begins with a connection to place. Set among the vineyards of Niagara-on-the-Lake, the spa is a destination for restoration, where the spirit of the region inspires a deeply considered approach to wellbeing. Rooted in the grounding qualities of clay and the vitality of the vine, our philosophy blends nature, ritual, and modern wellness expertise. Each experience is designed to help guests slow down, reconnect, and discover a renewed sense of balance.

## CLAY: THE FOUNDATION OF STILLNESS

Clay is central to The Spa at The Clayfield, an element that reflects the strength and stability of the earth. Rich in mineral character and shaped by time, it inspires rituals designed to ground the body and calm the senses.

Through intentional touch, warming techniques, and mineral-rich treatments, guests are invited to release tension, restore balance, and return to a deeper state of relaxation.

## VINOTHERAPY: THE ESSENCE OF THE VINE

Inspired by Niagara's celebrated wine culture, vinotherapy brings the restorative qualities of grape-derived ingredients into a sensory wellness experience.

Nourishing oils, antioxidant-rich formulations, and therapeutic techniques celebrate the vitality of the vineyard, creating rituals that replenish the skin, awaken the senses, and reflect the spirit of the region.

## A RITUAL OF BALANCE

The philosophy of The Spa at The Clayfield is built on harmony: the grounding presence of earth and the renewing energy of the vine.

Inspired by the winemaking tradition of assemblage, the art of bringing distinct elements together in balance, our rituals combine clay, botanical ingredients, therapeutic touch, and advanced skincare expertise into experiences that feel both timeless and uniquely connected to Niagara.

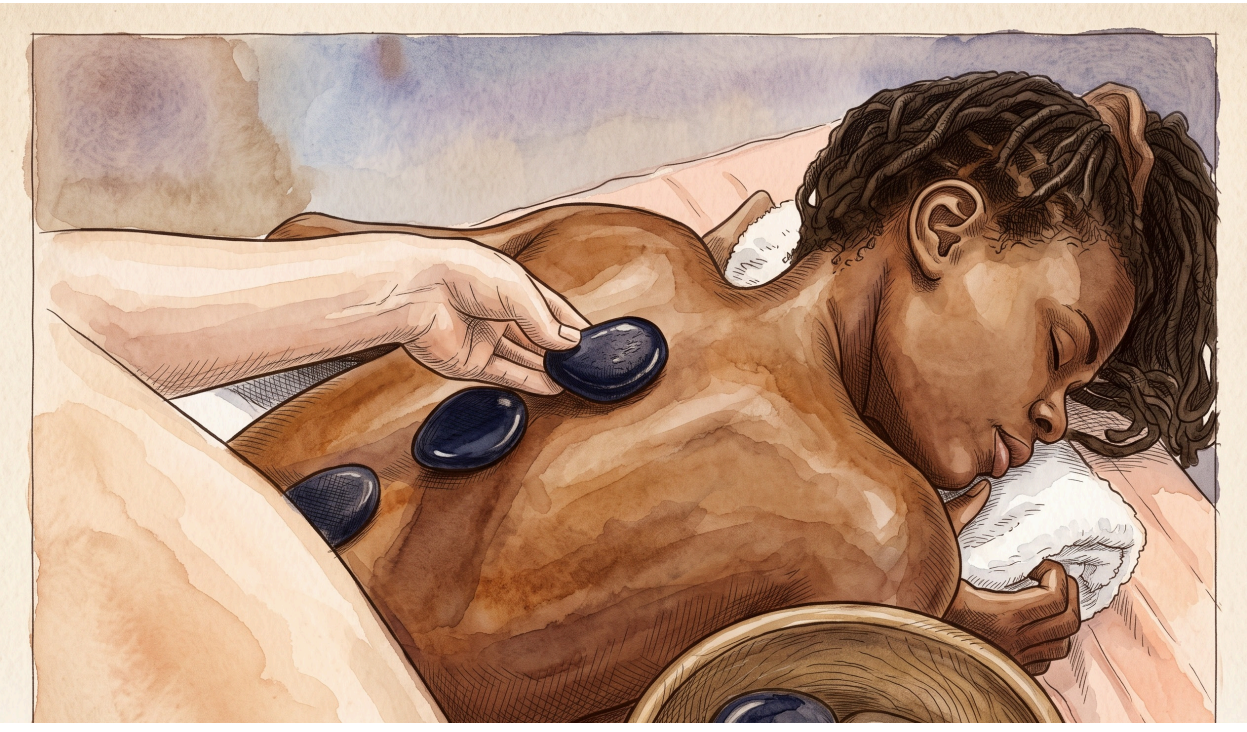

## BEAUTY BEGINS BELOW THE SURFACE

At The Spa at The Clayfield, beauty is revealed through balance. Every ritual is an invitation to reconnect with yourself, your senses, and the landscape that inspires us.

*This is wellness shaped by Niagara.*

*This is where earth and vine come together.*

*This is The Clayfield.*

# MINDSYNC™ WELLNESS EXPERIENCES

*Still the Mind. Restore the Body. Reset from Within.*

We believe the most meaningful wellness begins long before the first massage stroke or skincare ritual. It begins with the mind.

In today's world, many of us arrive carrying the weight of busy schedules, endless distractions, and mental fatigue. The body may be present, but the mind often needs a little more time to catch up.

Exclusive to The Spa at The Clayfield, our MindSync™ Wellness Experiences combine immersive vibroacoustic relaxation, guided meditation, therapeutic sound frequencies, and zero-gravity comfort to gently quiet the mind, calm the nervous system, and restore a deep sense of balance.

As synchronized sound and gentle harmonic vibrations work together, your body naturally begins to release tension while your mind is guided toward a state of profound relaxation and renewal. Breathing slows. The shoulders drop. The noise of the day recedes.

Enjoy MindSync™ as a stand-alone wellness experience, before your spa treatment to prepare the body, or afterwards to extend your sense of calm. It offers a journey unlike any other experience at The Clayfield.

## THE CLAYFIELD MINDSYNC™ RESET — 25 Minutes | $95

As your breathing slows and your body begins to unwind, the mind settles into a state of calm that leaves you fully present for whatever follows.

Select from a curated collection of guided wellness journeys designed to reduce stress, quiet mental chatter, improve focus, encourage restorative rest, or simply create a peaceful moment of stillness.
