"The independent voice of toy reviews"

Hyatt Resorts Toy Box, powered by Toy Tips, is a program designed to further enhance your experience at Hyatt Resorts...by removing some of the challenges faced by parents traveling with children. Partnering with Toy Tips Research Institute - an independent group that provides unbiased research reviews and toy report cards - they have helped us select an assortment of toys and games that are easy to use, fun and educational for our "youngest" guest to enjoy while they are visiting the resort. Please visit the front desk to view the list of toys available for check-out and details of the program.
